E have on hand and offer for sale the above celebrated cooking stoves. The many persons using this stove, in this and other cities, declare themselves delighted with its operation, and bear testimony of its superiority over any other cooking stove ever offered to the public. In addition to its unsurpassed facilities for boiling, roasting, broiling, &c. it has the advantage of having an oven nearly twice as large as any other stove in use, which is heated with the most perfect uniformity, by which bread without being turned will bake on all stdes as perfectly as can be done in a brick oven. It requires, also, n uch less fuel than is generally used in other cooking stoves, one half the ordinary quantity being amply sufficient for all purposes, For the operation of the stove we respectfully refer to the following ersons who have it in use: C. W. Cady, Morris Morris, Rev. Samt. Johnson, Alfred Harrison, Robt. Taylor, Chas. Woodward, Abrain Harrison, A. W. Morris, J. J.
